ARRIVALS AND UNLOADS
OF FRUITS AND VEGETABLES AT KANSAS CITY
FOR
1938

ANNUAL REPORT

F O R E W O R D

The carlot unloads in Kansas City for 1938 amounted to 11,766 cars compared with 12,217 in 1937 and 13,969 in 1936. This is a reduction in the total number of cars unloaded in 1938 of 4% from the 1937 figure and 16% from the 1936 figure. The truck receipts (our record of which is probably 90% accurate) show an increase of 427 carload equivalents in 1938 over 1937, or 3,382 carloads in 1938 compared with 2,955 in 1937. By adding together the carlot unloads and the truck receipts in carload equivalent we have the approximate figure of 15,648 cars in 1938 to compare with 15,172 cars in 1937. This indicates a shift to truck transportation and an actual increase of about 4% in unloads during 1938 over those of 1937.

The following States originated more than 500 each of Kansas City's unloaded cars in 1938; (comparisons are given for 1937 and 1936):

	1938	1937	1936
California	2,878	2,484	3,145
Colorado	842	1,390	1,652
Florida	650	443	469
Louisiana	508	682	599
Idaho	1,651	1,489	1,639
Texas	1,438	1,719	1,603
Imports*	1,225	1,312	1,101

*all Bananas except 2 cars of Dates.

The following tables have been compiled from our daily and monthly arrival, unload and diversion records. While these tables are intended primarily for practical use by growers and handlers of fruit and vegetable products, every effort has been made to make them strictly accurate for statistical purposes.

R. E. Corbin
Local Representative.
